

POWER SHIFT

5-9 JULY 2017
TRAINING FOR CHANGE

RADCLIFFE, MANCHESTER

A 5 day training for students who want to create a power shift, from a politics of division and persecution to a politics of solidarity.

WED 5 JULY - JOIN THE DOTS, GET CONNECTED

What does it mean to win climate justice, workers' rights and a borderless world? Meet students from across the UK and Ireland, get connected and share skills and experience with one another.

THURS 6 JULY WINNING A JUST TRANSITION

Nearly a third of UK Universities have divested from fossil fuels! It's time to divest the rest.

- Add your university to the growing list of divested institutions learn how to run a campaign on your campus.
- Act in solidarity with communities resisting fossil fuel extraction, land expulsions and human rights abuses in the extractive industries.
- Target Barclays, one of the most notorious bankrollers of climate chaos.
- Learn how to build collective liberation for strong movements building power beyond privilege.

FRI 7 JULY SKILL UP RISE UP

Universities are saying no to workers' rights abuses in the global electronics industry:

- Stand in solidarity with workers from mining through to electronics manufacturing worldwide.
- Get your university and local authority to protect workers rights in their supply chains.
- Learn how to lobby decision makers, organise creative actions on your high street, and take non-violent direct action for building power and practical solidarity.
- Develop strategies for organising campaigns that win and learn how to mobilise students from freshers' week and beyond.

SAT 8 JULY
A FUTURE WITHOUT BORDERS

Let's say no to media inciting hate and support campaigns to end deportation and detention.

- Set up an anti-raids network on your campus, and in your local community.
- Establish solidarity networks between students and detainees.
- Run effective media campaigns: workshops on investigative journalism, media interviews, creating your own media to counter mainstream framing on migration.
- Meet a panel of inspiring activists, envisioning a borderless world and tackling the root causes of displacement post-Brexit.

SUN 9 JULY
ANOTHER WORLD IS POSSIBLE

- What does a world without human and environmental destruction look like?
- How do we build movements that are led by the people most impacted by injustice?
- How can we ensure transition towards a fossil free future that places justice front and centre?
