

Student Trustee Job Description

Organisational overview

People & Planet (P&P) is the largest student network in the UK, campaigning for social and environmental justice. We envision a future in which spiraling inequality, instability, climate crisis and resource depletion are reversed, and a world in which the balance of power in society has fundamentally shifted to an equal world that benefits all of us.

Our mission is to build an empowered generation of change-makers who are equipped with life-long skills, motivation and networks to be a force for change in achieving a more equitable and sustainable world.

Background

Established fifty years ago, People & Planet supports the largest student network in Britain. We work with students at universities and colleges across the UK in supporting them to campaign on social and climate justice. We work with partners and coalitions, such as Global Justice Now, Greenpeace and 350.org.

People & Planet is registered as a not-for-profit company and is governed by a board of trustees. The People & Planet office in Oxford is staffed by highly committed people, and is run in an open and supportive way. Unlike most organisations that have a Director or CEO, People & Planet is run by a collaborative management team made up of Co-Directors (aspects of directorship and general management roles being shared among the Management Team, each of whom are co-directors).

Funding is largely grants from statutory bodies and charitable foundations. Unrestricted income from consultancy and personal giving is comparatively low, due to the age profile of most of our supporters, but we are aiming to grow income from 'alumni' and other well-wishers.

The Board of Trustees comprises 7 student trustees and 5 non-student trustees, the latter including the post of Treasurer. One of the distinctive features of People & Planet is the extent to which decision-making is led by the students. For example, the board must have a majority of student trustees and always has a student Chair. We currently have the following campaigns democratically chosen by our student network: Fossil Free and Divest Barclays, and Undoing Borders. We are working on developing a new campaign - End Extractivist Ties which was chosen by the network last summer. Our Campaigns and Movement Building Coordinators will work together with the Co-Directors to support these core campaigns as well as supporting our network and working with wider student movements.

More details of our campaigns and activities can be found on our website: www.peopleandplanet.org

Role summary

As People & Planet is a student-led campaigns organisation, our board of trustees is largely made up of democratically elected student trustees, and the Board is Chaired by a Student Trustee. The Board is currently looking for 4 more student trustees to join the Board, for a minimum of a three year term with the possibility for a 2 year extension (if still in education).

Trustees are an important and valued part of People & Planet. Board members play a critical role, taking responsibility for the governance of People & Planet and ensuring that it is effectively and properly managed. We do our best to make volunteering with us as enjoyable and rewarding as possible. You will receive a thorough introduction to the work of People & Planet, its staff and your role. You will receive ongoing support from People & Planet staff and other board members. People & Planet will reimburse all reasonable expenses associated with the role (e.g. travel costs). Board meetings are held four times per year. We are currently meeting remotely by Zoom, but when restrictions around the pandemic have been lifted we anticipate returning to in person meetings. In the past these have been in Oxford, London or in the North, varying locations to improve accessibility for trustees, so having the ability to travel to these is necessary.

People & Planet particularly encourages nominations from BAME people, disabled people, people with dependents or caring responsibilities and other groups typically under-represented in campaigning organisations. We are committed to making reasonable adjustments to enable any trustee to fulfill their role on our board.
